Souldiers (Final 2022)

In the beautiful land of Elysium, chaos has set in... The mysterious, powerful and ruthless VVVVVV has led his army into the lush realm, and it's up to the fearless and elite Souldiers to fight back. Battle to the top of the leaderboards, or take down other players in hardcore Deathmatch action, as you battle your way through forests, deserts, mountains and more. What's more, the never-ending possibilities for what you can do on the field are limitless.

Approach an enemy with a Souldier's best friend, Gaze, and paralyse them with your mind. Use Gaze's unique techniques to bring down opponents or free yourself from enemy attacks. Souldiers is all about gameplay, strategy and skill, so be sure to get the best out of your limited abilities. Hits and Block Against Yourself: Each attack has its own unique feel as they spread out through your body. The wider the range, the more the attack spreads out. If you hit an enemy with your head, they'll be knocked down and be vulnerable to attacks. However, your body can also take damage, resulting in a Block - you'll take less damage if a block is successful, but you'll also take some damage from your opponent. Gaze: Control your foes with the touch of a single finger. Gaze lets you paralyse an enemy with a move that spreads out through your body. All attacks made with Gaze is equal to one normal attack with a light level, meaning that, with proper execution, it can deal extra damage than a normal attack of the same light level. Magic: Gaze is only the beginning as Souldiers comes packed with 2 more light spells: Fever and Shock. Fever is an attack that weakens the enemy's reflexes, making them easier to knock down and harder to attack as their movements will be sluggish and far slower than usual. Shock, on the other hand, manages to destroy your targets mind and let them jump, which lets you launch powerful high-speed attacks and combos into their exposed bodies.

GAMEPLAY AT A GLANCE *Single-Screen Gameplay that's Fun Whether Alone or With Friends *Hundreds of Achievements and Trophies to Earn *16 Realistic Characters All with Multiple Weapons and Skills *Online Leaderboards and Matchmaking for Perfect Match d41b202975
