Artisan Chef, Libretti Farms wanted the rewards of grass fed beef to be enjoyed at a higher level. Using only the finest ingredients, Libretti Farms Stone Grains are made from Certified Black Angus steers that have been born and raised on a family farm in Southern Kansas. One of the great blessings in our diet today is the fact that we are eating the true food of the past. It is never too late to enjoy the benefits of the Stone Grain. Wild Rice Nature-Rich Wild Rice-Flavored Grains are available at a great price. Our Stone Farm is committed to creating a sustainable future for our family, our staff and our community. To this end, our passion is food. We make an effort to source our products from family owned and operated farms. The farms our family has been proud to partner with are inspected annually to certify these family producers meet our strict standards for animal welfare. On average, our farms produce 1,000 head of cattle annually. The animals are raised on pastures and fed only natural feed grains. Our farms have no genetically modified crops, commercial feed mills, or antibiotic and hormone supplements. With a strong commitment to the humane treatment of the animals, family farmers take pride in raising the healthier animals. Our Stone Farm Grass-Fed Beef has been the latest chapter in a long tradition of family-run farms that have been family-owned and operated. Many of these family farms have been passed down through the generations. Family farmers, like Libretti Farms, are reinvesting in the survival of family farms for the future. As such, our family is proud to be part of a movement that is dedicated to preserving one of the great blessings in our diet today - the Stone Grain. The truth is that our Stone Farm Grains are the true food of the past. Nothing beats freshly milled hard red winter wheat that is grown, harvested and milled to produce soft, chewy, wheat breakfast cereals. This is our original formula for a nutritional, healthy, wholesome and delicious breakfast cereal. "When life hands you lemons, make Stone Grains," as the late, great, Olympic weightlifter, Jack Del

A: Try after installing with serial.. 1.You do not need to use protection like serial. 2.It may take few hours to download. Q: How to parse

JSON with unknown keys using PHP? So i have this JSON and i want to create an array with the listed values. {"0":{"id":"1","name":"John Smith","value":""},"1":{"id":"2","name":"Nicole White","value":""}} This is my code: // Create the URL \$url = ''; // Parse \$json = file_get_contents(\$url); \$json_obj = json_decode(\$json, true); // Add the keys I want as arrays \$cur_id = 0; \$first_name = NULL; \$last_name = NULL; \$avatar = NULL; \$list_message = NULL; \$password = NULL; \$work_request = NULL; \$phone = NULL; // Start the loop foreach (\$json_obj as \$entry) { \$cur_id++; if (\$cur_id >= 1) { \$first_name = \$entry['id'];
