## Detective Conan English Dubbed ((FREE))

Case Closed or Detective Conan in English. It's been a while since Funimation released any. Quests from Funimation are generally very similar to what was shown in the original series. The action takes place in the same world where Conan and his friends live. This time they will have to face a very cunning and insidious opponent that no one has ever faced before. This time there will be no friends, only enemies. The game presents a familiar plot, but now on a much larger scale. The game features many scenes that will not only entertain, but also study the characters.

## **Detective Conan English Dubbed**

English dub, direct from the world's most popular anime destination, Manga Entertainment. English language dub of Detective Conan has been provided courtesy of the wonderful folks at Magna Sonix. Now all we have to do is wait for Japan to release the 2nd Season!
